Please contact Alison Leshan with any additional questions at alison.leshan@firstup.org

FLOURISHING TOGETHER

A First Up Initiative

Advancing Trauma-Informed Early Care and Education

As early childhood educators, we set out to create learning experiences and spaces that are safe for children and families, as well as for ourselves.

In a time of such overwhelming need, we continue to create places of intentional, trusting relationships, where causes of trauma can be uprooted and branches of support extended to us all.

Join us to sow the seeds of trauma-informed care in your classrooms.
